- **Programming:** Python, R, HTML, CSS
- **Tools & Technologies:** RPA (Robotic Process Automation), Tableau, MS Excel, PowerPoint, Word
- **Software Practices:** Version Control (Git), Software Documentation
- **Soft Skills:** Time Management, Team Collaboration, Communication

Certifications

- **Infosys Springboard:** Basics of Python, Time Management, Intro to OpenAI GPT
 - **Great Learning:** Video Editing Basics, Intro to R Programming, Robotics and AI
-

Internship Experience

Python with Data Science Intern

Net Tel Solutions, Coimbatore

 Dec 2023

- Gained practical exposure to Python for data analysis and visualization. □ Worked on real-time data sets and basic analytics workflows.

Python Programming Intern

Sprout Info Solutions, Coimbatore

 May 2024 – June 2024

- Developed basic Python scripts and automated small tasks.
 - Collaborated in a team setting to improve code efficiency.
-

Projects

Image Editor

Nehru Arts and Science College | June 2023 – Nov 2023

- Created a basic image editing application using Python (Tkinter, PIL).
- Implemented features such as brightness adjustment, filtering, and basic transformations. □ Gained experience in GUI design and modular coding.

Film Information System

Nehru Arts and Science College | Dec 2023 – Mar 2024

- Developed an information system to catalog and retrieve film data using Python.
- Used file handling and database integration for data management.
- Focused on clean code structure and user documentation.

Additional Information

Date of Birth: 31 Jan 2005
